

A person is shown working on the interior of a computer case. The image is overlaid with a teal color. The person's hands are visible, using a screwdriver to work on a component inside the case. The case contains various components like fans, a motherboard, and cables. The person's face is partially visible on the right side of the frame.

VOLTAGEN
PTY LTD

COMPANY PROFILE

A decorative graphic consisting of white lines that resemble a circuit board or a network diagram. The lines are interconnected with small white circles at various points, creating a complex, abstract pattern. The background is a solid teal color.

DIRECTORS

Brent Raper Director of Business

Brent holds more than 6 year's experience owning and operating a successful business in the cleaning / construction industry. He started from the bottom in 2007 and has experienced all aspects of the job from management to running a business. Brent is a self-motivated and resourceful Business owner with the ability to lead and grow all sectors of a business, making it a dynamic and progressive group. Brent's focus is on the company structure, financial management and business development.

Gavin Raper Director of Operations

Gavin has over 16 year's experience in the electrical trade, starting with an apprenticeship at Neca, to senior management to Business ownership which has now led to the current role, Director of Operations. Gavin is a qualified licenced electrician, having worked in the Residential, Commercial and the Industrial industries. Gavin's focus is on operations, project management and customer service.

COMPANY PROFILE

Voltagen has a whole network of reliable and professional electricians available 24/7 at their disposal from employees to contractors. Our team can service the whole of Sydney and parts of the north and south coast. Voltagen's licenced and insured electricians can provide a full range of electrical services in a safe, clean and timely manner.

All of Voltagens employees/contractors undergo a rigorous training and selection process to ensure they can provide the highest standard of professionalism and service expected across all sites. All our clients will have access to the Directors of the business meaning that decisions can be made immediately on site leading to enhanced productivity.

Voltagen is a family owned and operated business founded by two brothers Brent, and Gavin. Collectively the brothers have over 29 year's experience. Teaming up, they plan to expand the company across NSW by working closely and effectively with their clients, combining experience, high quality products and equipment with exceptional service. Voltagen specialises in Residential and Commercial services, from residential fit outs, corporate clients, luxury homes, Strata electrical installation and maintenance. All products used by Voltagen are of the highest quality and comply with Australian regulations.

Issue date:
15/08/2023

Statement of coverage

The following policy of insurance covers the full amount of the employer's liability under the *Workers Compensation Act 1987 (NSW)*.

Employer name:	Policy number:	Valid:
VOLTAGEN PTY LIMITED	219465601	30/09/2023 - 30/09/2024
Business name:	ABN:	ACN:
volatgen	97 653 884 943	653 884 943

Industry classification number (WIC) ³	Number of workers ¹	Wages/units ²
423200 Electrical Services	2	\$133,380.00

1. Number of workers includes contractors/deemed workers
2. Total wages/units estimated for the current period
3. The policy covers all workers employed by the entity named on this certificate in the course of its primary business activity or any other activities ancillary to its primary business activity as required.

Important information

Principals relying on this certificate should ensure it is accompanied by a statement under section 175B of the *Workers Compensation Act 1987 (NSW)*. Principals should also check and satisfy themselves that the information is correct and ensure that the proper workers compensation insurance is in place, i.e. compare the number of employees on site to the average number of employees estimated; ensure that the wages are reasonable to cover the labour component of the work being performed; and confirm that the description of the industry/industries noted is appropriate. A principal contractor may become liable for any outstanding premium of the sub-contractor if the principal has failed to obtain a statement or has accepted a statement where there was reason to believe it was false.

Yours faithfully,

Peter Meighan
